

# PROFESSIONAL EVAPORATIVE HUMIDIFIER

# COMFORT AND WELL-BEING

The evaporative humidifier allows increasing the humidity of the air, reasonably. The fan inhales the air of the room and aims her to the humidification wheels, kind of very fine humid sponge, which filters air and allows the diffusion of humidity the air.

The minerals and the other components of water stay in the receptacle, the humidity of air is so perfectly pure.

With the professional evaporative air humidifier, furniture, wood-works or other objects of stocks are kept in a healthy climate.

# PROFESSIONNAL EVAPORATIVE HUMIDIFIER HTF 60

The HTF 60 TEDDINGTON professional evaporative humidifier stems from art professionals close collaboration

The device works in a perfect silence so we can forget it.  
Its solid metallic construction, its pure and sober design and its high quality color make it a very special place in the most prestigious area.

The HTF 60 is very simple to use thanks to its display command and its very large filling funnel.

The green light is lighted when the device is on and the red light is lighted if the water tank is empty.

Maintenance is also very simple: the tank emptying or the humidification mat changing can be made in a few second.

## TECHNICAL DATA

### Maximum available use:

Confort use: 300 m<sup>3</sup>  
Working use: 200 m<sup>3</sup>

### Technical Data:

Air filter	yes
Humidification at 21°C 30% R.H.	2.5 L/h
Color	Anthracit grey
Orienable air outlet	yes
Manufacturer warranty	2 years
Air velocity	2
Air flow	350 / 800 m <sup>3</sup> /h
Electrical supply	230 V (Ph+N) with included 2 m cable and plug with ajustable hygrostat
Control	with ajustable hygrostat
Wheels	4
Power rating	53 W
Automatic restart after electrical shut down	oui
Sound level at 1 meter	29 / 42 dBA
Water tank capacity	34 Liters
CE Approval	Yes
RoHS	Yes

### Dimensions and Weights:

Height: 720 mm  
Width: 625 mm  
Length: 316 mm  
Weight: 18,8 kg

The humidifier use needs regular maintenance. The TEDDINGTON technical department could advice you.

### OPTIONS AVAILABLE:

- Tank cleaning and disinfectant product (1 or 5 L).
- Automatic filling water set, with 2 meters flexible.
- Water retention tank.
- Water security set.
- Water gate.
- Water filter.
- External hygrostat on plug.
- External hygrostat to be twisted.
- Portable thermo-hygrostat.
- Relative humidity and temperature USB record key.

### APPLICATIONS:

- |                   |                   |
